

## Noise, Pollution and Interference Exclusion

*This endorsement applies to all **aircraft** covered by **your** policy.*

Various provisions of this endorsement extend or restrict coverage. Read **your** entire policy to determine **your** rights and obligations and what is and is not covered. This endorsement changes the provisions of **your** policy under the following coverage parts:

### Part Three. LIABILITY TO OTHERS

This endorsement changes **Part Three LIABILITY TO OTHERS**, Paragraph 4j (*Noise, Pollution, Electrical and Other Interference*) to read as follows:

*j. Noise, Pollution, Electrical and Other Interference*

Any claim for **bodily injury** or **property damage**, including any cost of defending such claim, that is directly caused by or arises out of:

- (1) noise, whether or not audible to the human ear, or vibration, including sonic boom or similar phenomena caused by the movement or operation of the **aircraft**; or
- (2) any interference with the quiet enjoyment of property of others caused by operation of the **aircraft**; or
- (3) electrical and/or magnetic interference; or
- (4) pollution arising out of the actual, alleged or threatened discharge, dispersal, release or escape of pollutants, whether gradual or sudden and accidental.

However, this exclusion does not apply to noise, interference with the quiet enjoyment of property of others or pollutants released as result of any **occurrence** involving the **aircraft** or which results from an emergency causing abnormal **aircraft** operation.

As used in this endorsement the term "pollutants" means any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals, waste or other particles. Waste includes materials to be recycled, reconditioned or reclaimed.
